## VI Notes taken from songs and videos :

### 1 Trailer : Sorry to bother you

It is the story about a black man called Cassius. He got difficulties to get insertion in active life.

I feel it is one movie very creative and original, trying to break the code of society .

Making the spectator dead laughing and asking himself which stereotypes showed are the problem in the society.

It shows in funny, clumsy and awkward way difficulties of young couple to integrate the society; it includes money, job, house, privacy, problem

The director wants to show difference between White and Black people to get job.

The film-maker took example of calling centre job.

Besides, we can notice the sudden change when he received advice from his co-worker to transform his voice into "White man voice". At this moment of the movie, fast actions are happening, he becomes rich and getting fame. He became the best seller named "Power caller".

The meaning of the title guide us to know that the behaviour actor is somewhat naive, clumsy and got many failure in his life.

### 2 Making-off : Sorry to bother you.

- Finding white voice : difficult process cause he has Street urban accent
- many practising needed
- how much voice is too much white voice this boy : if you pronounce "H" into the word *white* : you're white.
- anxious for him to fail from hollywood reporter and shift manager and others .. ( **adamant** : catégorique )
- one of the hardest role : he had done in his career
- **soccer** : football and **crow** : corbeau .

### 3 short-film ( non-sense physical stereotypes about women )

#### Leading Lady part

- strict attitude, staring, severe eye expression

Main question for all candidates : **What do you think about Leading Lady Part ?**

- What they answer in short:

- I love it, great part, bold, clever

- she was **feisty** ( fougoux, bagarreur ) [ expression of the candidate : **spluttering** : bafouiller, postillonner]

In the judging panel, there are two women (black and **ginger** hair ) and one black man.

Even if there are women, they are totally not supporting women candidate, in getting fully impolite behaviour and words, they disagree for all things said by the applicant.

**Judging panel** (JP) want that applicant praise TOO much the mind, skills and spirit of woman.

Each applicant are there for getting a **read** means they have to interpret a role , to repeat it as scene. JP is asking to smile more, for being more *Leading Lady*.

She could cry but not ugly cry, sensual, sexy crying. They are asking almost impossible non-sense, awkward emotions according the situation and not matching with the read.

They **butt in** many candidates. They insist and make more the situation **embarrassing** for spectator in asking candidate to do make-up, to become **peachy** with red lips, eye-liner, foundation , still not matching for a tragic scene.

They ask more humiliating actions to do for one woman : removing her jumper ( tricot, pull-over ), *she has to be hot in hospital*. She replies : *But it's November, it's not coinciding with the situation again*. Then one judge add that the heating is broken. ( adding more **ludicrous** ( burlesque ) and **unease** ( malaise ) ).

They are whispering. **NHS** cuts ? ( National Health Service : Sécurité Sociale )

Her clothes are **crinkling** (se plissant ).

Candidates are doing all their possible, accepting all disrespectful orders, even the most inappropriate thing. They want her as more thinner... looking like **wiglet** ( postiche ) .

All stereotypes about women condition, feminine, vulnerable, delicate, thin, with a great **rack** ( dévaster, porte-manteau ) with boobs and **hips** ( hanche – au courant de ) , **baby-bearing** ( act of process of carrying and giving birth to a child ) .

They don't want rocket science... not needed to be smart in others words and using their mind; they just want physical criteria. *They should be thin, curvy, sexy, innocent, sexy virgin, sexy **hooker**(play-girl) ; she never had sex but she's all about sex, finally she wants it. Just you know Leading Lady .*

*Being more White, not pregnant, she got menopause ?...*

*I'm **gagging** (avoir trop envie de - / avoir le haut le cœur ) for a coffee : in front of the black candidate. Id est she could'nt get leader statue for her, only waitress... She scoffs. Door slams.*

*One man came in saying only one sentence : Hey I'm here to get ready for the read. The judge panel replied immediately : Stop ! You got the part.*

To sum up, this short film is showing a judging panel who is totally **dis humanizing**. Honestly, we would like that it doesn't stay like a **trendy** movement to denounce it without changing efficiently the situation .
